## Raise more dollars from more donors with less effort

As an educational fundraiser, you've got to increase donor participation while, at the same time, make it easier to give. Online Giving with GiveCampus makes it easy to do precisely that with GC Social Fundraising and GC Giving Forms.

### GC Social Fundraising

GiveCampus blends peer-to-peer fundraising, social media, and gamification to increase engagement across a wide array of donor segments. Schools use our suite of advocacy tools to launch giving days, athletics challenges, reunions, crowdfunding, year-end appeals, and more.

- Create dynamic leaderboards that inspire healthy competition among donor groups.
- Develop tiered campaigns, run multiple campaigns simultaneously, and connect them seamlessly in one overarching experience.
- Empower motivated supporters to easily set up matching gifts and challenges, and share their own user-generated content with friends.
- Incorporate personal pleas, average gift nudges, unique tracking links, and more to optimize the donation experience.
- Create a meaningful volunteer experience and recruit more advocates in the process.
- Identify and receive alerts about major gift donations in real-time.
