

GIVECAMPUS

SUBPROCESSOR LIST

Subprocessors are third party service providers who have or potentially will have access to or process personal data that GiveCampus processes. GiveCampus engages certain Subprocessors to perform the Services and operate its business. You consent to GiveCampus's use of its existing Subprocessors and grant GiveCampus a general written authorization to engage Subprocessors as necessary to perform the Services.

Below is a list of GiveCampus' existing Subprocessors as of the date of last update below.

Certain Subprocessors may also provide Third Party Services subject to Third Party Contracts, as defined in the GiveCampus Terms and Conditions available at <https://go.givecampus.com/legal>.
